1987 ended a while ago, didn't it? Well here's the yearend playlist. Things are finally getting back into place thanks to computers, (thanks mostly to Bob Westphal for handling the computer). We seem to be back on track. As usual thanks to all of you for supporting us and hope you will continue to do so. We will make 1988 even better than previous. If there's anything you'd like to see done, drop me a note. I'll read it, consider it, then throw it out! In all seriousness, please do write.

Keep on keepin' on, and root for the Astros,
Thanks, Jerry Rubino.

I must not forget to also thank some of the folks who kept our flow happening. There's all the record companies, the clubs (the ones still with us, and the ones who are no longer here unfortunately), Tom & Bill at Pier Platters for putting up with us. Support them, they deserve it. If anybody else did something for us, and for some reason it slipped my mind or I just don't know about it, thanks!!!!!!!!!!
